

EXECUTIVE PROFILE**David Soens****VP, Grant Operations**

David Soens, Vice President of Grant Operations, comes to Blink with over a decade of experience in the electric vehicle infrastructure business. He co-founded Oak Energy Partners, an energy company that developed Level 2 charging stations, and U-Go Stations, Inc., where he was instrumental in developing and deploying charging stations in the United States as well as the Cayman Islands. While at U-Go Stations, Mr. Soens spearheaded the Nissan North America Infrastructure Investment Program “No Charge to Charge” and brought clean energy to new charging locations. After Blink acquired U-Go Stations, Mr. Soens brought his passion to our team. He shares Blink’s commitment to sustainability, corporate social responsibility, and clean energy.

I am proud to stand with Blink Charging and
be part of bringing clean energy to new charging
locations around the country and the world.

Blink Charging

Founded in 2009, Blink is dedicated to slowing climate change by reducing greenhouse gas emissions caused by transportation. We’re a driving force in the EV industry, paving the way for the growth and adoption of electric vehicles.
