

EXECUTIVE PROFILE**William Policastro****VP of Grants, Business Development, and Account Management**

William Policastro has over 11 years of experience in the electric vehicle infrastructure business. He is the former CEO of U-Go Stations, Inc., a corporation that owned and operated DC fast-charging stations for electric vehicles in targeted, high-traffic locations throughout the United States. After Blink acquired U-Go Stations, Mr. Policastro brought his expertise in deploying EVSE in locations across the country to Blink, continuing his nationwide electric vehicle adoption goal. Mr. Policastro shares Blink's commitment to sustainability and cutting-edge EVSE technology.

Blink brings charging to new locations across the country and world, and I am glad to continue to lead the charge to an electric future.

Blink Charging

Founded in 2009, Blink is dedicated to slowing climate change by reducing greenhouse gas emissions caused by transportation. We're a driving force in the EV industry, paving the way for the growth and adoption of electric vehicles.
