

EXECUTIVE PROFILE**Miko De Haan****Managing Director, Blink Holdings B.V.**

Miko De Haan is a passionate advocate for clean fuel technologies and an experienced operator in the fields of clean energy and EV charging. He has been a part of the clean energy movement since its inception and has amassed over a decade of experience in the EV infrastructure, EV charging and clean energy sectors.

Mr. De Haan comes to Blink at an exciting time of growth and opportunity. He is a critical piece of Blink's expansion efforts into Europe and helps lead and shape the direction of those expansions into the European markets. He joins the Blink Charging family as Managing Director for Blink Holdings B.V., an Amsterdam based company which oversees Blink's European operations.

Blink's combination of experienced, talented leadership and the youthful disposition of a nimble and flexible team, give a great outlook for the future.

Blink Charging

Founded in 2009, Blink is dedicated to slowing climate change by reducing greenhouse gas emissions caused by transportation. We're a driving force in the EV industry, paving the way for the growth and adoption of electric vehicles.
